

II. International Digital Youth Camp MN 2021

Hello,

we would like to provide the opportunity for young adults between the ages of 15 and 25, who are fluent in English and who would like to collaborate with international young people on interesting topics, to participate in our International Digital Youth Camp MN 2021. The young people will get to know each other through joint activities and this, in turn, can lead to lifelong friendships.

The young adults will work in constant, but as diverse as possible, digital groups until the end of the camp and will have the introductory and final session with all groups in common. The intervals will be according to predefined periods of time for each group by the theme sponsors (clubs).

The participants can choose at least two of the following topics (one at least will be made possible) which will be presented by experienced Lions and Leos as well as long-term partners:

- * "Fake news, which ones, why and who knows"
- * Human Rights in Europe - workshop with at least 3 parts
- * Economic Dimensions of Sports and Physical Activity
- * Mega Sporting Events - (What about Sustainability, Human Rights Issues etc.)
- * The Frankfurt City Library will additionally participate with 4 other topics

The group work within the project scope is June 5th, 2021 until September 4th, 2021. The different work groups will decide on their individual schedule with their respective mentors. The days will be divided in slots as agreed upon within each work group. Each youth will receive an award from the Lions at the end of the camp.
