Airport of departure:	WROCLAW STRACHOWICE

### Our Camp is a place where boredom is absolutely impossible !!!!

Legnica is a small charming city situated in Lower Silesia - a historical region in south-western corner of Poland surrounded by many mountains ranges with wonderful monuments of nature, geological curiosities, caves, rocky labyrinths and several long-extinct volcanoes by mountains and forests.

The capital city of Lower Silesia is Wrocław – a place where the dwarfs live!

Our Camp gives an unique opportunity to meet new people of various cultures, their countries and customs. The participants may also taste various cuisines and cook their national dishes. There is a possibility to try an excellent Polish food as well.

During the Camp we offer:

- > sightseeing – caves, gold mine, monuments of architecture and nature,
- > workshops of painting of the Christmas decorations,
- > gym, swimming pool and team games,
- > Lions and Leos projects,
- > presentation on participants` countries, their hobbies, families, friends, neighbors and their closest surrounding in home country,
- > national cooking,

We guarantee tears at the end of the camp - it does not matter how long it lasts - always too short for participants.

Note - no smoking, no drugs and alcohol. Just rock-and-roll!!

Application form, a pass photo, family photo, letter to host family, scan of a pass and a copy of insurance policy should be sent till 31st March 2019 to:
