

The world outside of my country

From June 30th to July 19th I had the opportunity to take this trip to Estonia, it was a beautiful experience and one that I will always carry with me. It gave me the opportunity to see the world outside of my country, get to know different cultures and improve my English. The first 10 days I was in Tallinn with my host family who didn't let me miss anything, treated me like a son and showed me a lot of things about Estonia, the family was made up of two parents and 3 children , two males and the female who however lived alone in another part of the city. After these 10 days I went to the campus where I stayed for another 10 days

Me and the guy from the host family

Sunrise in the bog

together with many young people from many countries, we did many activities, including volunteering . Here I met people that I will always carry with me and with whom I still sometimes speak. I thank the Lions association for the opportunity it gave me and all the people who were part of this unforgettable experience
